

FULL STACK WEB DEVELOPER

METHUKA WIMALASIRI

Professional Full Stack Web Developer specializing in designing and developing high performance, responsive, and visually engaging web applications. Experienced in both frontend and backend technologies, with expertise in building custom websites, chatbot systems, business platforms, and interactive digital experiences. Strong problem-solving abilities, attention to detail, and a commitment to delivering scalable, modern, and user focused solutions tailored to client needs.

Experience

Full Stack Web Developer *Methz.dev*

2022-2026

- Developed modern, responsive websites and web applications as a Full Stack Web Developer. Worked on frontend and backend features, chatbot systems, UI improvements, and interactive web experiences using modern technologies to create fast, userfriendly, and visually appealing digital solutions.
- Collaborated with developers, designers, and engineers on web, software, and creative projects. Assisted in building websites, debugging systems, improving functionality, and delivering professional digital solutions while maintaining quality and performance standards.

FULL STACK WEB DEVELOPER *Methz.dev*

2022-present

- As a Full Stack Web Developer, I design and develop modern, responsive websites and web applications by working on both frontend and backend systems. I build interactive user interfaces, optimize website performance, integrate APIs, fix bugs, and create user friendly digital experiences tailored to client and business needs.
